

HMRC tax investigations
aren't just something
you **hear** about.

Our Tax Investigation Service provides **your**
business with support when you need it most.

HMRC have launched hundreds of investigations against businesses in the last few years.

We recommend that all of our clients consider joining our Tax Investigation Service. Every year, HMRC carry out enquiries into the tax affairs of an increasing number of businesses in the UK.

Many people find an HMRC enquiry disruptive, intrusive, stressful and ultimately expensive.

Should you join our Tax Investigation Service, you will benefit from the peace of mind that comes from knowing you are protected. Not only does it pay our professional fees in the event of a check on your tax affairs, it enables us to provide expert advice and guidance to you every step of the way.

Are you at risk of an enquiry?

There does not need to be a reason for HMRC to check your tax affairs. Every taxpayer who submits a tax return is at risk of being targeted.

Even if you have done nothing wrong, many tax enquiries are conducted at random.

Case Study: Employee benefits

A local company was selected for enquiry by HMRC. They looked at all areas of the business, reviewed every invoice and queried the operating costs associated to the company. There was a lengthy discussion over an entry in relation to employee benefits.

After two years, the enquiry was settled with only minor add backs. Fees of over £5,000 were claimed under our Tax Investigation Service.
